It has survived long enough for the copyright to expire and the book to enter the public domain. A public domain book is one that was never subject to copyright or whose legal copyright term has expired. Whether a book is in the public domain may vary country to country. Public domain books are our gateways to the past, representing a wealth of history, culture and knowledge that's often difficult to discover.

Marks, notations and other marginalia present in the original volume will appear in this file - a reminder of this book's long journey from the publisher to a library and finally to you.

### **Usage guidelines**

Google is proud to partner with libraries to digitize public domain materials and make them widely accessible. Public domain books belong to the public and we are merely their custodians. Nevertheless, this work is expensive, so in order to keep providing this resource, we have taken steps to prevent abuse by commercial parties, including placing technical restrictions on automated querying.

We also ask that you:

- + *Make non-commercial use of the files* We designed Google Book Search for use by individuals, and we request that you use these files for personal, non-commercial purposes.
- + *Refrain from automated querying* Do not send automated queries of any sort to Google's system: If you are conducting research on machine translation, optical character recognition or other areas where access to a large amount of text is helpful, please contact us. We encourage the use of public domain materials for these purposes and may be able to help.
- + *Maintain attribution* The Google "watermark" you see on each file is essential for informing people about this project and helping them find additional materials through Google Book Search. Please do not remove it.
- + *Keep it legal* Whatever your use, remember that you are responsible for ensuring that what you are doing is legal. Do not assume that just because we believe a book is in the public domain for users in the United States, that the work is also in the public domain for users in other countries. Whether a book is still in copyright varies from country to country, and we can't offer guidance on whether any specific use of any specific book is allowed. Please do not assume that a book's appearance in Google Book Search means it can be used in any manner anywhere in the world. Copyright infringement liability can be quite severe.

STATE OF OREGON,  
OFFICE OF THE SECRETARY OF STATE, }  
SALEM, October 1, 1912. }

*Hon. Thos. B. Kay, State Treasurer, Salem, Oregon—*

SIR: I hereby certify that the cash balance charged the State Treasurer as being in his hands at the close of business, September 30, 1912, was nine hundred ninety-three thousand, seven hundred thirty-six and 47-100 (\$993,736.47) dollars, as appears by the books of this department.

Very respectfully,

BEN W. OLCOTT,  
*Secretary of State.*

## STATE TREASURER'S REPORT.

STATE OF OREGON, TREASURY DEPARTMENT, }  
SALEM, October 1, 1912. }

*To the Honorable Legislative Assembly of the State of Oregon:*

Complying with the law, I have the honor to submit herewith the following report, showing the transactions of the Treasury Department of the State of Oregon, for the biennial period, commencing October 1, 1910, and ending September 30, 1912. The exhibits and tables fully present and explain the operations of your State Treasury during the period named. In submitting the statements in connection with the several funds, collections and matters, I have in a number of instances requested your consideration of the provisions of certain laws, amendment of which in the manner suggested would result in advantage to the State and also permit a more satisfactory administration of this department.

The receipts and disbursements of this office during the last two years have been the largest in the history of the State, the revenue collected requiring the issuance of 27,135 receipts, an increase of more than 4,000 over any previous two years, while the disbursements show a still larger increase in number of warrants received, cashed and accounted for, the operations being briefly summarized as follows:

Cash on hand, October 1, 1910 .....	\$ 424,913.13
Receipts, two years ending September 30, 1912.....	8,307,182.68
Total.....	<u>\$8,732,095.81</u>
Disbursements, two years ending September 30, 1912, .....	7,738,359.34
Cash on hand, October 1, 1912.....	\$ 993,736.47

With no State debt and a large surplus in the Treasury, the financial affairs of the State are in most excellent condition, perhaps better than at any other period in its history. Warrants on all funds have been paid as presented, with the exception of about two months in the latter part of 1911 and the first three months of 1912 when warrants on the General Fund had to be endorsed "not paid for want of funds."

All counties have paid the first half of this year's tax, and the only State tax that is due and still unpaid, is that of Clatsop

County for the year 1909 amounting to \$4,207.50 for which amount the State secured judgment against said county in the circuit court, which judgment was affirmed by the Supreme Court, and now awaits the determination of a motion for rehearing.

Practically all of the Common School, Agricultural College and University Funds are now loaned on first mortgages and bonds of school districts, and interest on same is well paid up, there being few delinquent and no lands acquired through foreclosures or failure on part of borrowers to repay loans when called in.

In connection with collections of interest on loans made from these trust funds, we would respectfully recommend the amendment of the Law of 1911, Chapter 61, by striking out the words "first days of January and July of each year" making it read so that payment of interest on these notes should be made semi-annually, commencing from date of making of note. As there are nearly eight thousand of these notes, if this law was strictly complied with, it would be a physical impossibility for this office to receive and receipt for remittances for interest on all of said notes in less than several weeks time, and we believe that the law should be so amended that we could care for all payments made to us in a prompt and satisfactory manner.

The following is a comparative statement of the condition of the educational funds, a detailed statement of present loans being set out under statement of each fund account:

## COMMON SCHOOL FUND.

**DEPOSITS OF STATE FUNDS AND INCOME FROM SAME.**

Each succeeding year demonstrates the wisdom of the flat salary law as well as the law which provides for the deposit of State funds in the banks of the State, under specified restrictions in order that the State may derive the benefit of interest thereon.

It has been the policy of this department to secure for the benefit of the State everything possible from this source and also to extend these deposits to a larger number of banks, thus placing the money not in immediate demand back in circulation in the several sections of the State from which it is derived.

These deposits are governed strictly by the provisions of the State depository law of 1907, and all bonds accepted as collateral security for such deposits are first approved by the Attorney General as to legal form and requirements and to thorough investigation as to value by this office. In this manner the State is fully protected against loss.

The banks receiving deposits of State's funds pay two per cent interest on daily balances, and from this source the State derived during the two years from September 30, 1910, to September 30, 1912, the sum of \$24,463.50 against \$20,136.44 for the previous two years, showing that the State now receives from this source sufficient revenue (that under the old law would have been a perquisite of the State Treasurer) not only to pay the entire expense of this department but also to furnish quite a substantial surplus for the benefit of the general fund.

It has been impossible to grant all the applications made by State banks for deposits but the policy of the State Treasurer has been to make as wide a distribution of these State funds as possible and practicable, having at the present time sixty-one banks acting as State depositories with deposits of \$857,500.00 for the return of which we hold collateral securities in the sum of \$1,227,500.00. We also have an active depository bank, the deposits therein being secured by deposit with us of lawful securities in the sum of \$185,800.00.

**INHERITANCE TAX.**

The receipts for inheritance tax for the two years ending September 30, 1912, were \$135,016.45, an increase of \$21,593.21 over the previous term of two years.

In the collection of this tax, during the last twenty months, this department has made special effort to secure for the State all taxes due under the provisions of the Inheritance Tax Law,

not only insisting upon having the true and full cash valuation placed upon all properties of estates probated in the several county courts of the State but also that taxes be paid upon transfers of properties made in contemplation of death and property within the State belonging to estates of non-resident deceased, including stocks and bonds of companies incorporated in this State and held by such estates. In a large number of cases, with the assistance of the county assessors and citizens, we have proven that the values as returned by appraisers in estates were not as large as they should be and have had the same corrected and collected the tax upon the increased valuation, resulting in the placing in the State Treasury, to the credit of this fund, an additional sum of nearly \$10,000.00, which we are pleased to state was collected without incurring any expense, the assistance rendered us by district attorneys and county assessors being given freely and without charge.

We believe that the policy of this department in the administration of this law, has brought about a better understanding with the several county courts and the attorneys of the State regarding the provisions and requirements of this statute, so that it is now universally recognized and accepted as providing a just and proper source from which the State can secure revenue, and which statute requires but slight amendment to make it entirely satisfactory to all, and at the same time show a substantial increase in receipts each succeeding year.

We have one recommendation to submit to your attention of an amendment of the present law that would not materially change it, but which would save much labor and correspondence in connection with the determination and collection of these taxes, and at the same time without hardship or injustice would slightly increase the revenue received from this source.

That Section 1192, Lord's Oregon Laws, be amended by striking out the provision in paragraph 1 that the law should not apply to estates of less than \$10,000.00 and in paragraph 2 to estates of \$5,000.00, thereby providing for a tax on all transfers of more than \$5,000.00 to any one individual in the first paragraph and of more than \$2,000.00 to one individual in the second case, irrespective of the value of the estate.

By such an amendment, would be removed the incentive that now exists to appraise property of estates at less than actual valuation so that it may be kept just below the \$10,000.00 calculation.

We have included in this report an itemized statement showing estates and collections made from same under this law.

---

**CORPORATION LICENSE FEES.**

There has been a very substantial increase in the receipts collected by this office directly from corporations for license fees during the past two years, the receipts from this source being \$332,560.60, a gain of \$66,826.25 over the previous two years.

Since 1905, when the law requiring the payment of these license fees and submitting reports from corporations was passed, there has been an enormous increase in the volume of business and collections had under same, and we would recommend to your consideration the necessity of amending Sections 6707 and 6714 relative to time in which the Secretary of State shall file with the State Treasurer the statement showing the amount of license fees to be paid by the corporations of the State, and the time of payment of same, as well as the time of the return by this office of list of delinquent corporations, required under Section 6708; these sections should be amended so as to give the Secretary of State extension of time in which to prepare and file in this office the statement required, and under which we collect these license fees, it appearing to be a physical impossibility for him to prepare and file with us this list within the fifteen days between the date of receiving reports and filing of statement regarding them; this time should be extended at least to August 15th and the time for this office making its return of delinquents to December 1st.

**LICENSES ON GROSS EARNINGS OF EXPRESS, TELEPHONE AND OIL COMPANIES.**

The receipts from licenses on gross earnings, as provided for in Sections 3540 and 3544 Lord's Oregon Laws, amount to \$64,434.49, of which sum \$20,953.05 was collected by this office direct from telephone companies and \$16,386.65 from express companies, while under judgments obtained in the United States and State courts, collections were made of \$13,106.23 from the Pacific States Telephone and Telegraph Company, \$13,648.76 from the Standard Oil Company and \$339.80 from the Sunset Telephone Company.

Early in 1911, shortly after taking charge of this office in proceeding with what we regarded as our duty, under Sections 3540 and 3544 Lord's Oregon Laws (being the law enacted by the people and taking effect June 25, 1906) requiring the filing of reports and payment of license fees by the corporations mentioned in said law, protests were filed under the claim that this law was repealed (by implication) by the passage of Laws of 1907, Chapters 265, 266, 267 and 268 and Laws of 1909, Chap-

ter 218. Not agreeing with this contention we submitted the matter, as directed in paragraph 3, Section 3617, to the Board of State Tax Commissioners, which board, on March 1, 1911, made an order "that the State Treasurer be advised not to collect the taxes on the gross earnings of said companies for the year 1910." While not agreeing with the Tax Commission in its construction of the status of this law, we have followed its instructions and made no effort to compel these companies to either furnish reports or pay license fees.

If the ruling of the Tax Commission in this matter is correct, we would recommend the enactment of legislation directly repealing Sections 3540 and 3544 Lord's Oregon Laws, and thus remove any possible question that may arise regarding this license fee and its collection by this office.

#### DEPOSIT OF SPECIAL FUNDS.

Laws of 1911, Chapter 98, requires all persons, boards, commissions and other State organizations, now having control or custody of any State funds, to turn over all unexpended portions of said funds to the State Treasurer, providing a penalty, etc. Under this law we have called upon all persons, boards, commissions and other State organizations to turn over to us whatever unexpended funds they have in their possession, and in nearly every instance, where there are funds of any description in the hands of the officers, our request has been complied with. It has been claimed by some that this law does not cover any collections made subsequent to the passage of the law, and was simply intended to be in the nature of a stated accounting of funds previously received and at that time unexpended. As this law is somewhat indefinite, we would recommend that consideration be given it by your honorable body and such amendment made as may be deemed necessary to make more definite and certain its intent.

#### EXPRESS, INSURANCE AND TRUST COMPANY DEPOSITS.

Four express companies have on deposit securities of the value of \$50,000.00 each and the Queen City Fire Insurance Company, \$11,328.68, for the keeping of which this office has collected, under Section 4615 Lord's Oregon Laws, a fee of one-eighth of one per centum per annum.

This office has also on deposit as security, for the benefit of persons doing business with said company, under Section 4683 Lord's Oregon Laws, notes and mortgages of the Title and Trust Company of Portland in the sum of \$55,700.00, which deposit is continually changing in character as allowed

under said Section 4683. In connection with this deposit we would call your attention to Section 4684, Lord's Oregon Laws, which states that the State Treasurer shall receive the same fees for his services as trustee, etc., as he would if bonds were deposited. This department endeavored to collect from said Title and Trust Company the same fee as collected for caring for bonds and securities of express and insurance companies, but failed to do so, the company claiming that there is no provision in the law requiring any payment from it for such services.

We would recommend that the custody of these securities and all matters in connection with same be transferred to the Insurance Department, and that Section 4684, Lord's Oregon Laws, be amended to provide for payment of fee for caring for such deposit of securities.

#### MAINTENANCE OF INSANE AT STATE ASYLUM.

Receipts on this account are had under the law, amended at session of 1911, requiring parents, children and guardians of insane persons to pay, when financially able, the sum of \$10 per month for the maintenance of insane persons while inmates of the State Insane Asylum, the payments under the old law being made directly to the State Treasurer, but amended in 1911 to have such payments made to the county treasurer, to be remitted by him semi-annually to the State Treasurer. For the two years ending September 30, 1912, there has been collected from this source \$8,858.56 against \$5,159.35 received during the previous two years. The amended law requiring these collections to be made by the county treasurers has proven very satisfactory, the State receiving the accounts due fully and promptly from nearly all the counties, the exceptions being Clatsop, Klamath, Multnomah and Wallowa, from which is due on these accounts the sum of \$1,570.00.

As directed under the amendment of 1911, this office investigated the financial condition of all individuals, shown upon the Treasurer's books as having been charged with and owing for the maintenance of inmates in the past, and with the advice and consent of the district attorneys, have charged off the books on these uncollectible accounts, the sum of \$3,626.14.

Many times the attention of this department has been called to the fact that there were persons committed to the asylum as nonpaying inmates with ample means of their own, or with parents or children well able to pay the small fee required under the law. In such cases we have called the attention of the committing judge to the facts as submitted to us, and

in nearly every instance have secured amended orders, placing the said persons upon the list of paying inmates.

We would recommend this matter to your attention and consideration, so that if necessary, legislation may be enacted requiring that the facts regarding the financial condition of all persons charged with insanity, may be presented to the judge at the time of hearing, so that he may be able to determine whether such person should be committed as a paying or a non-paying inmate of the State Insane Asylum.

#### COLLECTIONS ON ACCOUNT OF INSTITUTION FOR FEEBLE-MINDED.

Under Section 4462, Lord's Oregon Laws it is the duty of this Department to collect from the several counties, \$40 per annum for each inmate of the Institution for Feeble-Minded, received from such county, and the receipts on this account for the two years ending September 30, 1912, amount to the sum of \$10,159.56 against \$3,509.73 collected during the previous year.

There is due the State from the county of Multnomah, on account of the maintenance of its residents at the Institution of the Feeble-Minded, the sum of \$6,792.50, the amount charged against said county for the maintenance at \$40 per year for each inmate committed from said county and maintained in said Institution for the Feeble-Minded from the time of its opening to May 1, 1912. This department has made repeated demands upon the county authorities for a settlement of this claim, but was in each instance informed that the county had a claim against the State of Oregon for care of non-resident paupers, and that until the same had been paid, no claim of the State for maintenance of either Insane or Feeble-Minded would be allowed or paid.

This is a question deserving your consideration, and we would recommend legislation that would require counties to make payment of all legal dues of State for such special purposes, and not compel departments and institutions to await the settlement of claims, that can only be passed upon and allowed by the legislature.

#### WEIGHTS AND MEASURES.

Sections 6060 and 6061 Lord's Oregon Laws provide that the State Treasurer shall be the State Sealer of Weights and Measures, custodian of the standard weights and measures belonging to the State, shall provide himself with a prescribed "Seal" with which he shall seal said standard weights and measures, and, upon examination and approval, shall also

seal standard weights and measures, scales and beams provided by different counties, etc.

In conformity with the provisions of these sections I have had a seal made and have impressed the same upon the weights and measures, the scales and beams which I found deposited in this office when I took charge of same in January, 1911; I have also examined and sealed the railroad car of the Railroad Commission; also examined and sealed the weights and measures, scales and beams of the city of Portland that are in the care and custody of the sealer of weights and measures of said city; have also sealed a few weights presented to this office and found to be in conformity with the standards in the custody of this office. Poorly equipped as this office is, with incomplete and insufficient standards, we are under great obligations to F. G. Butchel, the official sealer of weights and measures of the city of Portland, who has at all times allowed us the use of the standards provided for his office and given us the benefit of his knowledge and experience in such work.

The National government and the legislatures of many of the states have provided for the inspection and regulation of weights and measures, scales and beams with most satisfactory and beneficial results and I believe that the subject is of such importance that it would be well for the State of Oregon, by proper legislation, to provide for a more rigid supervision over the weights and measures used in the State, and for the punishment of those who follow dishonest practices in the buying and selling of commodities by weight or measure. Under the present law no consistent attempt can be made to standardize apparatus throughout the State, for while the law makes the State Treasurer the State Sealer of Weights and Measures, he is given no authority, power or funds to provide his office with the proper equipment nor keep the same up to standard, nor has he any legal power or authority to institute proceedings to correct evils he may find to exist. As the State law now stands upon our statute books, except in relation to a few commodities where special legislation has been enacted, it is no offense in the State of Oregon to give or take false weight or measure.

In view of these facts I would earnestly recommend your earnest consideration of this important matter and that you enact legislation providing under a broad general law of the State for the supervision of weights and measures, and the conferring upon some official the authority to inspect and seal all weights and measures, scales and beams, and to bring criminal proceedings in all cases where dishonest weights and measures are used, thus affording protection to the consumer

who is, at the present time, without recourse unless he live within the incorporated limits of some city that has provided by ordinance for the regulation of matters that should be under State control.

CONCLUSION.

In the month of August, 1912, a thorough examination and audit of this department was made by a bonding company, auditing all funds, accounts, receipts, disbursements, bank balances, securities, etc., and I am pleased to state, that after completing this searching investigation, its expert examiners reported that they found nothing to criticise and much to commend in the condition of the books and records and the business methods employed in transaction of the business of this office.

Respectfully submitted,

THOS. B. KAY,  
*State Treasurer.*

## Statement of the Apportionment of the State Taxes Among the Several Counties of the State for the Year 1911.

The following table shows—

*First*—Proportion, in percentage, which the equalized value of taxable property within each county bears to the total amount of taxable property in all of the counties of the State, as so determined and equalized, which proportion is also the proportion of the State taxes to be paid by the several counties of the State, as provided in section 23, chapter 218, General Laws of Oregon, 1909.

*Second*—The total amount of revenue to be raised for the fiscal year ending December 31, 1911, for State purposes, not provided for by a special tax, fully authorized by law, and apportioned to each county of the State of Oregon, to be levied and collected and paid into the State Treasury by each of the said counties in the manner provided by law, being the resulting per cent apportioned to each of said counties of the sum of one million three hundred fifty-one thousand eight hundred twenty dollars and thirty-four cents (\$1,351,820.34) being the total revenue to be raised by taxation for State purposes for the fiscal year ending December 31, 1911, being at the rate of 1.6 mills on each dollar of the assessed value of the total taxable property in the several counties, as equalized by the Board of State Tax Commissioners.

*Third*—Amounts to be raised for the annual support and maintenance of the Oregon Normal School which shall be levied and collected in the same manner as other taxes are levied and collected, provided by law to provide for the permanent support and maintenance of "The Oregon Normal School at Monmouth, Polk County, Oregon," proclaimed in force by proclamation of the Governor of December 3, 1910, being thirty-three thousand seven hundred ninety-five dollars and fifty cents (\$33,795.50) as set out in the following table, being at the rate of one twenty-fifth of a mill on the dollar upon all the taxable property in the several counties of the State.

*Fourth*—The total amount of revenue to be raised for the fiscal year ending December 31, 1911, for State purposes and for the support and maintenance of "The Oregon Normal School, at Monmouth, Polk County, Oregon."

**STATEMENT OF THE APPORTIONMENT OF THE STATE TAXES AMONG  
THE SEVERAL COUNTIES OF THE STATE FOR THE YEAR 1912.**

The following table shows—

*First*—Proportion in percentage, which the equalized value of taxable property within each county bears to the total amount of taxable property in all the counties of the State, as so determined and equalized, which proportion is also the proportion of the State taxes to be paid by the several counties of the State, as provided in section 864, Lord's Oregon Laws.

*Second*—The total amount of revenue to be raised for the fiscal year ending December 31, 1912, for State purposes, not provided for by a special tax, fully authorized by law, and apportioned to each county of the State of Oregon, to be levied and collected and paid into the State Treasury by each of said counties in the manner provided by law, being the resulting per cent apportioned to each of said counties of the sum of three million twenty-eight thousand one hundred and ninety dollars (\$3,028,190), being the total revenue to be raised by taxation for State purposes for the fiscal year ending December 31, 1912, being at the rate of 3.4 mills on each dollar of the assessed value of the total taxable property in the several counties, as equalized by the Board of State Tax Commissioners.

*Third*—Amount to be raised for the annual support and maintenance of the Oregon Normal School, which shall be levied and collected in the same manner as other taxes are levied and collected, provided by law to provide for the permanent support and maintenance of "The Oregon Normal School at Monmouth, Polk County, Oregon," proclaimed in force by proclamation of the Governor of December 3, 1910, being thirty-five thousand six hundred and twenty-five dollars and seventy-five cents (\$35,625.75), as set out in the following table, being at the rate of one twenty-fifth of a mill on the dollar upon all of the taxable property in the State.

*Fourth*—The total amount of revenue to be raised for the fiscal year ending December 31, 1912, for State purposes and for the support and maintenance of "The Oregon Normal School at Monmouth, Polk County, Oregon."

County	Per cent of the state taxes to be paid by the several counties	Amount of revenue for state purposes, to be raised by taxation and apportioned to each county, to be levied, collected and paid into the State Treasury	Amount to be raised by taxation and apportioned to each county for the annual support and maintenance of The Oregon Normal School at Monmouth, Polk County, Oregon, being at the rate of one twenty-fifth of a mill on the dollar upon all of the taxable property in the State	Total

## COMMON SCHOOL FUND, PRINCIPAL

This fund is derived from the following sources:

The proceeds of the sale of the sixteenth and the thirty-sixth sections of every township in the State, or of any land selected in lieu thereof.

The proceeds of the sale of the five hundred thousand acres of land to which the State is entitled by the provisions of an act of Congress, approved September 4, 1841.

All lands selected for capitol building purposes under an act of Congress, approved February 14, 1859.

The proceeds of the sale of tide and overflow land within the State.

All the moneys and clear proceeds of all property which may accrue to the State by escheat or forfeiture.

The proceeds of all gifts, devices and bequests made by any person to the State for common-school purposes.

The proceeds of all property granted to the State when the purpose of such grant shall not be stated.

Fines imposed for violations of laws regulating the practice of medicine.

Fees of itinerant venders.

Sundry fees of the Clerk of the State Land Board.

All moneys which may be paid for exemption from military duty.

The fund is invested in first mortgage loans on real property within the State, and in bonds lawfully issued by school districts within the State. The income from such investments is used to aid in the support of the public schools.

COMMON SCHOOL FUND, INTEREST

This fund is derived from interest on loans from the Common School Fund Principal, interest on deferred payments of the purchase price of school land, and rents on land belonging to the common school fund. The salaries of the employees of the State Land Office and all incidental expenses of that office are paid out of this fund. The net income is apportioned yearly, on August 1, to the several counties, to aid in the support of the public schools, in proportion to the number of persons between the ages of four and twenty years in each county, as shown by the report of the Superintendent of Public Instruction.
